Increase public works 101-448 to \$23,000 from fund balance

Increase total roads 201-446 to \$91,000 from fund balance

Motion R. Double, B. Landis, AIF M/C

FD/EMS From Brad Benard: We had 3 calls for service the past month. I had met with a contractor about the hall last Friday and had hoped he would get me a preliminary work report so I could share with you the status of our building. When that comes I will pass it along right away. I still need to get another quote also but I wanted to share some of the things we found. I had him break it up into three different parts. 1 being where the trucks park. 2. Being where the brush truck parks behind the kitchen and 3. The pavilion. Number 1 doesn't need a lot and he told me a couple ways we can stop water coming in. Area 2 has some concerns including the restrooms. There is a sag in the roof and upon further inspection there is inadequate roof support. Lastly I had him look at the pavilion. There a many concerns there also. Mainly the area where the middle roof meets with the east pavilion. Roof trusses are sagging and rotting. He had said it's all fixable and we are just waiting on a price. I will send that as soon as he gets that to me. Thank you *end of Brad report*

EMS from Ryan Knoph: 5 calls this past month- 2. False alarms with iPhone crash alert, 1. canceled in route, 1. Mems was paved first and beat us there, 1. No medic available.-end of Ryan report

Correspondence
